

## Data Sheet 008

|                              |                                                                     |
|------------------------------|---------------------------------------------------------------------|
| <b>Part Number</b>           | <b>K401~K402~k403~K404</b>                                          |
| <b>Description</b>           | <b>On/Off Illuminated Rocker Switch<br/>to fit 12mm X 30mm Slot</b> |
| <b>Design Voltages</b>       | <b>12 Volts DC</b>                                                  |
| <b>Maximum Load</b>          | <b>16 amps</b>                                                      |
| <b>Contact Resistance</b>    | <b>50m <math>\Omega</math> max</b>                                  |
| <b>Insulation Resistance</b> | <b>500 Volts D.C. 100M <math>\Omega</math> min</b>                  |
| <b>Dielectric Strength</b>   | <b>1500 Volts A.C., 1 Minute</b>                                    |
| <b>Operating Temperature</b> | <b>-25°C ~ +85°C</b>                                                |
| <b>Electrical Life</b>       | <b>10000 Operations</b>                                             |
