

1.Engineering Change Notice

Date		Signature	Revision	Descriptions
2012-6-27		GINO	A	Initial release.
2012-6-28		GINO	A	Add lengths description

2.Scope & General Specification

2.1 Extent of Application

This specification apply to cable Assembly.

2.2 Appearance & Size

Shall be shown in Figure 3.1 which is to apply this specification

2.3 Working temperature & humidity

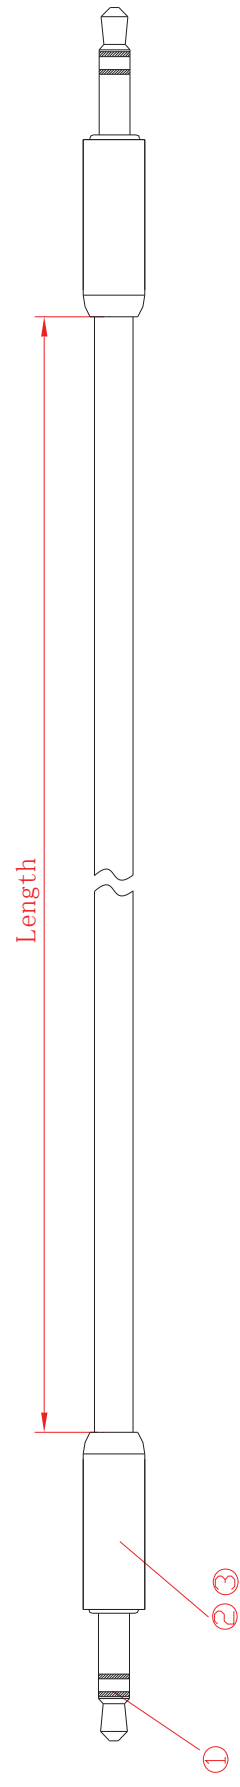

Advise :Upper service temperature is 40°C, Lower service temperature is 0°C;humidity<90%RH

2.4 Storage temperature & humidity

Advise :Upper service temperature is 30°C, Lower service temperature is 10°C;humidity<80%RH.

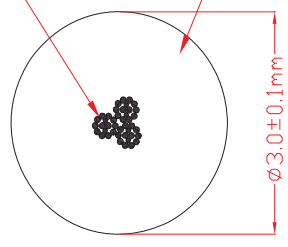

Length
100 ± 5mm
